MCI CASE STUDIES & BUSINESS SECTORS

MCI Systems has extensive experience of working across many sectors, both in terms of our consultancy services and through MCI Myrias, our integrated Management Control System.

We have clients within Manufacturing, Distribution, Production (both Food and Drink) and Farming. MCI Myrias can also be used within Retail and the Public Sector.

There are over 300 installations of MCI Myrias worldwide, including Europe, America and Australia, as well as many large establishments in the United Kingdom. It is operationally proven across a diverse range of industries, sectors and business needs.

Click on the links below to download a PDF case study document, detailing how we can help these industry sectors with an MCI Systems solution
