

## *Do you hate the Picking paperwork?*

### *Labour and crop recording in the field made easy*

**MCI Myrias Picking** Module saves time, trouble and money by freeing you from paper records, automatically calculating working hours and crop yields, and ensuring precise accuracy in reports and summaries. Just as important, it provides product traceability as required by new legislation.

**MCI Myrias's Picking** Module lets you record labour, productivity and yield out in the field, glasshouse or wherever your crop is picked. Data recorded on hand-held terminals is downloaded to a PC at the end of each shift or day to provide reports on crops picked, worker performance, earnings and other related information. It allows analysis by worker, field, variety, picking system and a flexible variety of other factors.

- ◆ A choice of rugged, user-friendly, hand-held terminals with the option of built-in bar code scanning for entry of labour and picking information
- ◆ Industry-standard Management PC and peripherals for setting up workers, products, fields, payment rates etc.
- ◆ Easy customisation for small or large farms, using your own names for fields, sheds, tunnels, houses, flushes, etc.
- ◆ Allows flexible picking systems including individual and team working, piecework or hourly rates
- ◆ One key-stroke download of data from hand-held terminal to Manager's PC.
- ◆ Written and supported by a long-established software house with training and support facilities
- ◆ Integrates seamlessly into a complete farm, packhouse, or factory system. When integrated with other modules
- ◆ **MCI Myrias Picking** Module can provide full traceability from growing materials (crop input, fertiliser, spraying etc) through to dispatch.

Optional additional **MCI Myrias** software modules include:

**MCI Myrias Manual Check-weighing** module for controlling pack-house operations  
Monitoring of Quality against user-specified AQL levels and quarantine rules  
Traceability and accountability for labour, raw materials and picked crops

### SCREEN DISPLAYS AND PRINTED REPORTS

- ◆ Reports can be user-designed for analysing and summarising Worker performance or Farm yield and can be changed at any time to suit requirements.
- ◆ Reported information can be filtered by time, worker name, crop, grade, field, batch etc to minimise report space
- ◆ Crop units can be selected from a working range including kg, g, lb, oz or other on request

Example reports:

- ◆ Picking Rate

Picker	Picker	Agency or	Quantity	Time	Rate
Name	Number	Staff	lb	Hours	lb/hr
Brent	97	Agency	113.72	7.42	15.32
Ann	31	Staff	16.89	2.49	6.77
Charles	29	Staff	63.62	4.78	13.32

- ◆ Weekly Picker performance

Picker	Picker	Product	Tray	Sat	Sun	Mon	Tue	Wed	Thur	Fri	Number	Total
Name	Number		Size								Of	lb
			lb								Trays	
Brent	97	Raspberries Large	0.441	0	0	9.175	5.525	7.657	1.109	33.64	130	57.116
		Strawberries Small	0.662	33.76	0	20.47	8.222	0	13.76	7.08	126	83.302
		Strawberries Large	0.22	18.49	9.298	10.77	15.45	0	4.81	20.4	360	79.23
		<b>Total</b>	<b>1.323</b>	<b>52.25</b>	<b>9.298</b>	<b>40.42</b>	<b>29.20</b>	<b>7.657</b>	<b>19.67</b>	<b>61.12</b>	<b>615</b>	<b>219.64</b>
				5		7	2		9	9		7

- ◆ Daily Picking Hours

Picker	Picker	Agency	Start	End	Break 1	Break 2	Break 3	Net
Name	Number	Staff	Time	Time				Hours
Brent	97	Agency	06:04	15:34	10:37 - 10:56	-	-	9:11
Ann	31	Staff	06:08	15:16	10:38 - 10:56	-	-	8:50
